

MEETING THE EXTREME NEEDS OF ON-THE-ROAD COOLING

Belt quality is crucial to the proper functioning of truck refrigeration units. **Protecting the cargo is what matters in refrigerated freight transportation**, so your belt needs to be 100% reliable. For over 25 years, Gates has been manufacturing top-of-the-range cooling unit belts for Original Equipment (OE). With the new CoolRunner™ belt range Gates shares this OE knowledge and technology with the Aftermarket at competitive prices.

Gates CoolRunner™ belts are manufactured to the same technology and quality standards as Gates OE belts, resulting in superior belt life and performance. They power your unit with exceptional reliability, making sure your cargo is preserved wherever it needs to go.

THE GATES COOLRUNNER™ RANGE OFFERS DIFFERENT TYPES OF BELTS TO MATCH OE. FEATURES AND BENEFITS BUILT INTO EVERY COOLRUNNER™ BELT ARE:

- **Exact OE fit** at competitive prices
- **Long belt life** reducing replacement costs
- **100% reliable operation** fully protecting the valuable cargo
- **Maximum uptime** eliminating unplanned repairs on the road
- **Clear branding** for ease of identification
- 34 SKUs - new references will be added on a regular basis throughout 2018

**LONGER SERVICE LIFE,
FULL PEACE OF MIND**
