

Scania P, G, R Series

Aftertreatment Solution

Parts and Tools

The Euro 6 Scania truck ATS systems have been designed with replaceable DPF and DOC units.

This gives you a great opportunity to service your truck. Dinex offers type approved DOC and DPF for in-line 6 cylinder and V8 cylinder engines. All parts are direct replacement and high quality products, that will keep your truck on the road.

All Euro 6 ATS parts from Dinex are certified and approved according to the European (CE) 595/2009
